

To whom it may concern:

I am writing to comment on MB Docket No. 233. My family and I would like to express our opinion against the proposed action that could limit or eliminate our local access to K-LOVE broadcasts.

K-LOVE provides my local community with access to positive and encouraging radio broadcasts that would otherwise be unavailable. As a faith-based organization, K-LOVE provides an important alternative to secular broadcasts while promoting positive values important to the fabric of our country.

Displacing K-LOVE with an LPFM broadcaster could irreparably harm the availability of Christian programming available to many communities, including our own.

Please consider these points while contemplating your decision.
